

Parking near schools in your area

Parking near schools in your area

Gwent Police have received concerns for the safety of school children at both, the beginning and end of school in this area due to parking.

Park appropriately and safely, paying attention to the speed limit when entering and leaving the area. Should you feel that you need to park in the immediate area of the school, be reminded that vehicles committing offences may receive a Fixed Penalty Notice.

Drivers commit offences when parking vehicles upon **yellow zig-zag school entrance** markings, **double** and **single yellow lines** and **roundabouts**, as are parents parking in **Resident Permit** bays located near schools. It is also important to have consideration for those living near schools, by not obstructing their driveways or blocking access to their homes.

We will be running an enforcement campaign in the area shortly where vehicles parking illegally will be issued with penalty notices.

Should you need further advice please contact:
